CARMEN MARC VALVO

FASHIONAFFAIRMAGAZINE.COM JUL 2013

Fortunes are not just in cookies. High in style is one of our favorite eyewear brands to hit the style mush pit. The Carmen Marc Valvo team focuses its creative energies on style & design and its apparel. If you ever find yourself on a lunch date with a stuffy, button down

kind a guy, or set up on a blind date with a daredevil, wild card type, skip the after dinner drinks and leave the room in complete and knowing style. Your reason is still sound, it's just your choices in men that are now in question.
